ABOUT Us

- ✓ Home Destino is known not only for our design work, but also for our expertise in new construction and interior renovations.
- ✓ We are in the business of building material for the last 35 years, during this period we have dealt with our clients who have undergone a drastic change about their choice, expectation and awareness about the latest brands and ornamental material being used in the modern construction of high quality houses. They also wish that they should get a complete package of material required for the completion of their houses from a single outlet. They also expect that they should get durable, qualitative material at a competitive price.
- ✓ Specializing in space planning, kitchen and bathroom design, built-ins and Fireplace surrounds as well as furnishing spaces we have the expertise you require from a designer. Budget or bespoke we take a custom approach to your interior design requirements. The firm has created a variety of interiors for projects as diverse as private residences, vacation properties, multi-family projects, display suites, yachts and retail projects.

WHY US

We are passionate about interior design and giving our clients their dream homes. Our process is fun and uncomplicated, as we collaborate with our clients to transform their vision into beautiful environments that surpass their expectations.

OUR MISSION

To deliver maximum benefits of technology to our customers by providing strategic products and unconditional support at affordable cost.

OUR VISION

To be one of the most preferred service providers in the country for the complete range of Interior Design & Build Solutions and to continuously set new standards through Quality and Speed of work.

QUALITY

Our single-minded belief lies in a very simple proposition – “the difference is in the detail” and this belief translates to action in a variety of ways. We have achieved the specific expertise of flawless completion of projects against extremely stringent timelines. To do this, we have assembled a team of accomplished professionals to realize the perfect environment as per your requirements and the architect’s designs. And we have always delivered more.

OUR PHILOSOPHY

We believe in creativity, good judgment and speed. We aspire to establish flexible functional environments that optimize your space in relation to your clientele, business, image and location. Our employees are the most important resource in our service commitment to our clients – existing and potential.

Our SERVICES

We also provide complete packages for multi story flat, township raw houses, hotels, institutes and group housing.

Our SERVICES

Our company specializes in residential design and offers a full range of services including:

- 1) Space planning and interior architecture, such as reshaping the structures of rooms and the overall home, changing or moving walls, doors, windows, access routes, building extensions, conservatories, new staircases and more.
- 2) Lighting design for any room of the house, as well as exteriors.
- 3) Decorative changes to wall and ceiling decoration with applied plaster or decorative finishes such as marbling, stucco, polished plaster or polished concrete or other specialist materials.
- 4) Room concepts, furniture layout, bespoke furniture design for any room, in particular bedrooms, living rooms, dining rooms, studies, TV rooms, libraries, dressing rooms, laundry and utility rooms, pools and gyms.
- 5) Soft furnishings, window dressings, re-upholstery or restyling of existing furniture.
- 6) Kitchen and bathroom design
- 7) Sourcing art and antiques to match a scheme or add to a collection

We PROVIDE

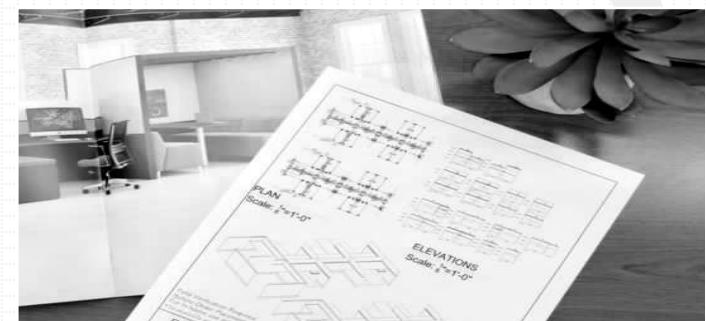

Space Planning

Commercial Interior Solutions is a team of seasoned professionals whose number one responsibility is making your job easier. Developing a space that is not only beautiful but functional is what we do best. We are confident in our skills to plan and organize your space to increase efficiency and company morale.

2D/3D Renderings

Bringing your space to life is our mission. Applying textiles to the scene, we can create photorealistic renderings of the space in both 2D and 3D. This helps clients get a better visual understanding of the product and finishes within the space. These rendering will help us work together to create a space that you will love.
